

Stoelmassage dag

DE LEUKSTE WERKDAG

PROFESSIONAL, PERSONAL and PRACTICAL

Chair massage creates a movement that advocates a company culture of well-being! It is now scientifically proven to be so much more than just stress reduction. Our massage team is specialized in giving hands-on, on-site care for typical office complaints.

Implementing chair massages in the workplace is rewarding for employees and provides financial benefits for employers. It provides a better work-life balance for employees; it helps their well-being and rewards them the way they deserve.

This is a business line item you will want to get into your budget on an annual basis. Especially when it will actually save your company money in the long run by keeping your team, clients, and customers engaged with your brand for years to come!

On site chair massage

Corporate and event massage services

Massages are at
the heart of what we do

Feel invigorated, calmed, and refocused.

The massage targets head, neck, arms, back and shoulders related issues.

ON SITE CHAIR MASSAGE

Empowering people, happy customers with satisfied employees.

We have an extensive client base and a proven track record providing corporate massage and massage at events. Our amazing team of dedicated massage experts is experienced and continuing education to ensure that the high quality of our massage service effectively meets your needs. Try it and let the results speak for themselves.

SATISFIED EMPLOYEES

The relaxing massage is performed over the clothing while you are seated in a portable massage chair. Anyone can enjoy a relaxing chair massage anywhere, anyplace, anytime!

A GREAT PERK

Weekly, bi-weekly, monthly, or one-time massage events. A short break from the daily grind and the computer screen has been shown to boost morale and creativity.

DELIGHT AND ENERGISE

Our on-site massage is a mix of techniques. Your back and neck are fully relaxed while the practitioner provides relief from muscular tension and improves flexibility and movement.

FEEL THE DIFFERENCE

Massage reduces stress hormones and lowers high blood pressure and it increases oxygen to the brain and builds better mental focus. When you get a massage, it is about you.
